Making homes happen

As part of the wider development of the Former Whittingham Hospital site for housing, Homes England are delivering community facilities, which includes the redevelopment of the existing Whittingham & Goosnargh Sports & Social Club.

Homes England have been working closely with the Sports & Social Club and Preston City Council to prepare a planning application for the community facilities, and we'd like your comments on the proposals.

Who are Homes England?

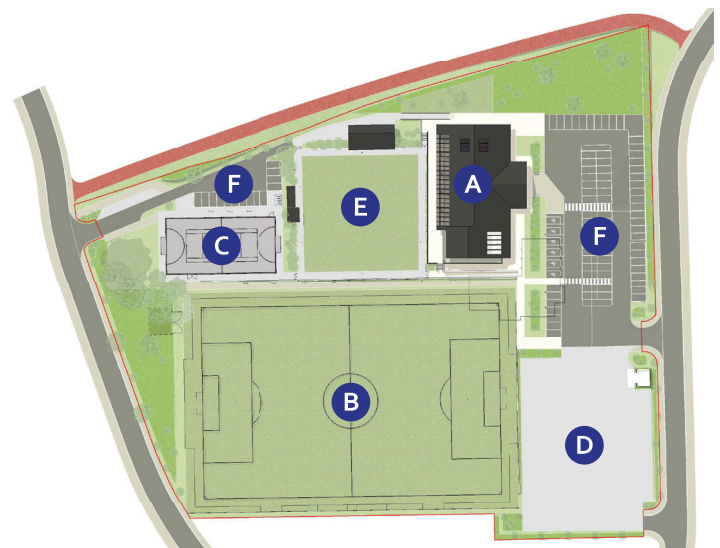

Homes England are the Government's housing agency and previously controlled the majority of the Former Whittingham Hospital site. Housebuilders including Elan Homes and Barratt are constructing the housing element of the development and Homes England retain responsibility to redevelop the Sports and Social Club.

Across England, Homes England work closely with local Councils, stakeholders and local communities to deliver homes and supporting services where they are most needed. We have a long term commitment to quality placemaking, investment in infrastructure and a track record of delivery that we are looking to continue.

What's proposed?

The proposed scheme consists of the redevelopment of the community and sports facilities at Whittingham and Goosnargh Sports & Social Club. The Section 106 agreement for the outline planning permission for the wider site sets out the specific requirements of this development:

- A** A new purpose-built sports & social club building;
- B** A senior football pitch (11 a side);
- C** A multi-use games area/tennis court;
- D** Events/caravan/camping area;
- E** Retention of existing bowling green; and
- F** Associated car parking and landscaping.

You're invited...

Homes England representatives and their consultants are holding a public consultation event where you will be able to view the plans in more detail and ask any questions you wish, ahead of submitting your feedback.
